Student account

If you still have not activated your student account, now is the time. Information on how to activate your account has been sent to the e-mail address you registered when you did your application. You need the student account to, for example, access wireless networks, your student email, and the Canvas learning platform. If you already have an active account, you do not need to reactivate it.

Schedule

Regular teaching begins on Monday August 29. All group lessons are usually scheduled in advance. For individual lessons, your teachers in each course will contact you by phone or email at the start of the semester.

A warm welcome to Malmö Academy of Music!
